INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
North Country Food Bank, Inc.
East Grand Forks, Minnesota

Report on the Financial Statements

We have audited the accompanying financial statements of North Country Food Bank, Inc. (a nonprofit organization), which comprise the statements of financial position as of September 30, 2020 and 2019 and the related statements of activities, cash flows, and functional expenses for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial positions of North Country Food Bank, Inc. as of September 30, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the Organization has adopted Accounting Standards Update No. 2018-08, *Not-for-Profit Entities: Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*, in 2020. Our opinion is not modified with respect to this matter.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 8, 2021, on our consideration of North Country Food Bank, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of North Country Food Bank, Inc.'s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering North Country Food Bank, Inc.'s internal control over financial reporting and compliance.

NORTH COUNTRY FOOD BANK, INC.
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2020 AND 2019

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Type of Business

North Country Food Bank, Inc. is a private non-profit corporation organized April 13, 1983, under the Minnesota Non-Profit Corporation Act, Minn. Statutes, and Chapter 317. North Country Food Bank, Inc. was formed to reduce food waste by distributing unmarketable products to agencies that serve and feed the disadvantaged. North Country Food Bank, Inc. serves agencies in 21 counties located in Northwest Minnesota and part of Grand Forks, North Dakota.

Basis of Presentation

The financial statements of the Organization have been prepared on the accrual basis. The Organization's net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions, and are classified and reported as follows:

Net Assets Without Donor Restrictions - Net assets that are not subject to donor-imposed stipulations. Net assets without donor restriction include unrestricted resources and are subject to self-imposed limits by action of the governing board. Board designated net assets may be earmarked for future programs, investment, contingencies, purchase or construction of fixed assets, or other uses. The governing board may delegate designation decisions to internal management. Such designations are considered to be included in board-designated net assets.

Net Assets with Donor Restrictions - Net assets with donor restrictions represent net assets resulting from contributions and other inflows of assets whose use by the organization is limited by donor-imposed stipulations. Some donor-imposed restrictions are temporary in nature, stipulating that resources used after a specified date, for particular programs or services, or to acquire building or equipment. Other donors impose restrictions that are perpetual in nature, stipulating that resources be maintained in perpetuity. Laws may extend those limits to investment return from those resources and to other enhancements of those resources. Thus, those laws extend donor-imposed restrictions.

Cash and Cash Equivalents

For the purpose of the statement of cash flows, the Organization considers all highly liquid debt instruments purchased with maturity of three months or less to be cash equivalents. Currently, there are no cash equivalents.

Accounts Receivable

Accounts receivable arise in the normal course of business. It is the policy of management to review the outstanding accounts receivable balances and write off those considered uncollectible before year end. Any estimate of uncollectible amounts due from agencies has been determined by the Organization to be insignificant. Accounting principles generally accepted in the United States of America requires an allowance method be used to recognize bad debts, however the effect of using the direct write-off method is not materially different from the results if determined under the allowance method.

NORTH COUNTRY FOOD BANK, INC.
NOTES TO THE FINANCIAL STATEMENTS – CONTINUED
SEPTEMBER 30, 2020 AND 2019

Inventory

Inventory is made up of both donated and purchased products available for distribution to its member non-profit agencies. Donated inventory is reported at its estimated fair wholesale value, and purchased products reported at cost, which includes freight charges.

USDA Commodities on Hand

Commodities on hand are reported at U.S. Department of Agriculture stated values. The entire amount on hand is included in donor imposed restriction, which are temporarily in nature as terms of the grant agreement are met.

Property and Equipment

Property and equipment are recorded at cost. Donated property is recorded as support at its estimated fair value. Such donations are reported as net assets without donor restrictions support unless the donor has restricted the donated asset to a specific purpose. Items with a cost over \$1,000 with an estimated useful life of at least 2 years are capitalized.

Depreciation

Depreciation is computed on the straight-line method over the estimated useful lives of the assets. Estimated useful lives are as follows:

Equipment	2 - 7 years
Building	40 years

Donated Product

The Organization valued non-USDA donated product it received at \$1.62 and \$1.68 per pound for the years ended September 30, 2020 and 2019, respectively. This valuation is provided by Feeding America. Management has determined this to be the most appropriate valuation method, due to the lack of marketability of the products and unavailable market values. USDA commodities received are valued based on the federal agency's assigned values.

Income Taxes

The Organization is exempt from federal and state income taxes under Section 501(c)(3) of the Internal Revenue Code and Section 209.05 of the Minnesota Income Tax Act on exempt purpose income. It is the opinion of management that the Organization has no significant uncertain tax positions that would be subject to change upon examination. The federal income tax returns of the Organization are subject to examination by the IRS, generally for three years after they are filed. Tax returns for the years ended 2017 and forward remain open for examination.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NORTH COUNTRY FOOD BANK, INC.
NOTES TO THE FINANCIAL STATEMENTS – CONTINUED
SEPTEMBER 30, 2020 AND 2019

Restricted Revenues

Unconditional promises to give cash and other assets are reported at fair value at the date the promise is received. Conditional promises to give and indications of intentions to give are reported at fair value at the date the gift is received. The gifts are reported as net assets with donor restrictions support if they are received with donor or grantor stipulations that limit the use of the donated asset. When donor stipulated time restrictions or purpose restrictions are met or accomplished, net assets with donor restrictions are reclassified as net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. Donor or grantor restricted assets whose restrictions are met within the same year as received are reflected as net assets without donor restriction contributions in the statement of activities.

Grants Revenue and Deferred Revenue

Grant revenue recognition is based on the grant expenses incurred or when related revenue is considered earned. Deferred revenue represents amounts received from the grantor that have not been earned or spent in accordance with grant requirements.

Functional Expenses

Expenses which are specifically identified to a particular program are charged directly to that program. Other expenses, such as insurance, utilities, and other common expenses are allocated to each function or program based on the actual square footage of space used by each program or number of staff positions. Administrative staff salaries and related expenses are allocated to each function or program based on the estimated time spent on each activity.

Contributed Services

Members of the Organization and volunteers have donated a significant amount of their time to enhance North Country Food Bank, Inc.'s food distribution activities. Under accounting principles generally accepted in the United States of America, these services do not meet the criteria for recognition in the financial statements. However, the value of these services is estimated for the years ended September 30, 2020 and 2019 to be \$82,613 and \$112,961, respectively.

Advertising Costs

The Organization expenses advertising costs as incurred.

Implementation of New Accounting Standard

In June 2018, FASB issued ASU 2018-08, *Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. This standard assists entities in evaluating whether transactions should be accounted for as contributions or exchange transactions and determining whether a contribution is conditional. The Organization has implemented the provisions of ASU 2018-08 applicable to both contributions received and to contributions made in the accompanying financial statements under a modified prospective basis. Accordingly, there is no effect on net assets in connection with the Organization's implementation of ASU 2018-08.

NOTE 7 SBA - PAYROLL PROTECTION PROGRAM LOAN FORGIVEN

On March 27, 2020, Congress enacted the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) which established the Paycheck Protection Program (the "Program"). The Program was created to assist small businesses and organizations in paying their employees and certain other expenses during the COVID-19 crisis. The Organization applied for a loan under this Program and received a loan from American Federal Bank in the amount of \$127,300 on April 13, 2020. The Organization has analogized the guidance provided in FASB ASC 958-605, which allowed the Organization to recognize revenue as it incurred qualifying expenses related to the loan program. Therefore, the Organization has included the entire proceeds from the PPP loan of \$127,300 as grant revenues on the accompanying Statement of Activities for the year ended September 30, 2020. The Organization applied for and was granted forgiveness of the entire PPP loan balance subsequent to year-end.

NOTE 8 LIQUIDITY AND AVAILABILITY

The Organization is supported through donations, grants and program revenues. Because a donor's restriction requires resources to be used in a particular manner or in a future period, the Organization must maintain sufficient resources to meet those responsibilities to its donors. Thus, financial assets may not be available for general expenditures within one year. As part of the Organization's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due.

The following reflects the Organization's financial assets as of September 30, 2020 and 2019, reduced by amounts not available for general use because of restrictions within one year of the statement of financial position date.

	<u>2020</u>	<u>2019</u>
Cash	\$ 1,023,585	\$ 974,412
Receivables - trade	<u>338,007</u>	<u>165,747</u>
Total financial assets, end of period	1,361,592	1,140,159
Less those unavailable for general expenditures within one year due to contractual or donor-imposed restrictions:		
Restricted by donor with time or purpose restrictions	<u>516,638</u>	<u>433,463</u>
Financial assets available to meet cash needs for general expenditures within one year	<u>\$ 844,954</u>	<u>\$ 706,696</u>

NOTE 9 COMPENSATED ABSENCES

Employees earn varying days of vacation and sick leave each year depending on their length of service and whether full or part time. Vacation may accumulate to a maximum of 192 hours and is payable upon termination. Accrued benefits at September 30, 2020 and 2019 are \$36,975 and \$30,935, respectively.

The Organization allows employees the option to convert sick leave accumulated in excess of 200 hours to vacation at a rate of 4 hours to 1 and hours in excess of 280 may be converted at a rate of 3 to 1, which has been reflected in the above accrued benefit. Employees are allowed to accrue a maximum of 800 hours of sick leave.

SEPTEMBER 30, 2020 AND 2019

NOTE 10 RETIREMENT PLAN

The Organization provides a retirement savings program, which complies with IRS Code Section 408 to all full-time employees upon employment. The Organization's contributions to the plan are based on wages of eligible employees. The employer's contribution to the plan for the years ended September 30, 2020 and 2019, was \$26,287 and \$25,672, respectively.

NOTE 11 PAYMENTS TO AFFILIATE

The Organization receives a significant amount of its donations (both cash and product) through Hunger Solutions, a state-wide partnership of organizations, which serves as a coordinator of resources. During the years ended September 30, 2020 and 2019, North Country Food Bank's payments to this affiliated organization were \$53,657 and \$74,943, respectively.

NOTE 12 CONCENTRATIONS OF CREDIT RISK

The Organization has concentrated its credit risk for cash by maintaining deposits in two local banks. The amount of deposits uninsured by federal depository insurance at September 30, 2020 and 2019 was \$839,959 and \$643,217, respectively.

NOTE 13 CONTINGENCY

The Organization participates in various state and federal grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the Organization has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectability of any related receivables at September 30, 2020 and 2019 may be impaired. In the opinion of the Organization, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying financial statements for such contingencies.

NOTE 14 NEW ACCOUNTING PRONOUNCEMENTS

ASU 2014-09, Revenue from Contracts with Customers (Topic 606)

During 2014, the FASB issued a new standard related to revenue recognition. ASU 2014-09, upon its effective date, replaces almost all existing revenue recognition guidance, including industry-specific guidance, in current U.S. GAAP. Under the new standard, revenue is recognized when a customer obtains control of promised goods or services in an amount that reflects the consideration the entity expects to receive in exchange for those goods or services.

In addition, the standard requires disclosure of the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers. The guidance will be effective for the Organization for annual periods beginning after December 15, 2019, and interim periods within annual reporting periods beginning after December 15, 2020.

ASU 2016-02, Leases (Topic 842)

During 2016, the FASB issued guidance to change the accounting for leases. The main provision of ASU 2016-02 is that lessees will be required to recognize lease assets and lease liabilities for most long-term leases, including those classified as operating leases under GAAP.

NORTH COUNTRY FOOD BANK, INC.
NOTES TO THE FINANCIAL STATEMENTS – CONTINUED
SEPTEMBER 30, 2020 AND 2019

The ASU is effective for the Organization for fiscal years beginning after December 15, 2021, and interim periods within fiscal years beginning after December 15, 2022.

With the exception of the new standards discussed above, we have not identified any other new accounting pronouncements that have potential significance to the Organization's financial statements.

Management has not yet determined what effect these statements will have on the Organization's financial statements.

NOTE 15 RISKS AND UNCERTAINTIES

On March 11, 2020, the World Health Organization declared COVID-19 a global pandemic. Federal, state, and local governments have since implemented various restrictions on travel, public gatherings, and business operations. While the Organization expects this matter to negatively impact its operations, the extent of the impact is uncertain.

NOTE 16 SUBSEQUENT EVENTS

Except as disclosed relative to the forgiveness of the Organization's PPP loan subsequent to year end, and disclosed in note 7, no other significant events occurred subsequent to the Organization's year end. Subsequent events have been evaluated through February 8, 2021, the date which the financial statements were available to be issued.

NORTH COUNTRY FOOD BANK, INC.
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
SEPTEMBER 30, 2020

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule of Expenditures of Federal Awards are reported on the accrual basis of accounting. Such expenditures are recognized following the applicable cost principles contained in Title 2 U.S. *Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditures are not allowable or limited as to reimbursement.

NOTE 2 INDIRECT COST RATE

North Country Food Bank, Inc. has not elected to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE 3 BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of North Country Food Bank, Inc. under programs of the federal government for the year ended September 30, 2020. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of North Country Food Bank, Inc., it is not intended to and does not present the financial position, changes in net assets or cash flows of North Country Food Bank, Inc. The amounts reported on the Schedule have been reconciled to and are in agreement with amounts recorded in the accounting records from which the financial statements have been reported.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors
North Country Food Bank, Inc.
East Grand Forks, Minnesota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of North Country Food Bank, Inc. (a nonprofit organization), which comprise the statement of financial position as of September 30, 2020, and the related statements of activities, cash flows, and functional expenses for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated February 8, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered North Country Food Bank, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of North Country Food Bank, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of North Country Food Bank, Inc.'s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2020-001 that we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether North Country Food Bank, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

North Country Food Bank's Response to the Finding

North Country Food Bank's response to the finding identified in our audit is described in the accompanying schedule of findings and questions costs. North Country Food Bank's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Directors
North Country Food Bank, Inc.
East Grand Forks, Minnesota

Report on Compliance for Each Major Federal Program

We have audited North Country Food Bank, Inc.'s compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of North Country Food Bank, Inc.'s major federal programs for the year ended September 30, 2020. North Country Food Bank, Inc.'s major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of North Country Food Bank, Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about North Country Food Bank, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of North Country Food Bank, Inc.'s compliance.

Opinion on Each Major Federal Program

In our opinion, North Country Food Bank, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2020.

Report on Internal Control over Compliance

Management of North Country Food Bank, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered North Country Food Bank, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of North Country Food Bank, Inc.'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Section II-Financial Statement Findings

2020-001 (Significant Deficiency)

Criteria: The Organization's does not have the internal resources to identify all journal entries required to maintain a general ledger and prepare full-disclosure financial statements in conformity with generally accepted accounting principles (GAAP).

Condition: The Organization's personnel prepare periodic financial information for internal use that meets the needs of management and the board. For the year ended September 30, 2020, the Organization's personnel assisted in the preparation of the year-end journal entries and reviewed a disclosure checklist. However, the Organization does not have the internal resources to identify all journal entries required to maintain a general ledger and prepare full-disclosure financial statements required by GAAP for external reporting. The Organization is aware of this significant deficiency, and obtains the auditors assistance in the preparation of their annual financial statements.

Cause: The Organization does not have the internal resources needed to cover all the aspects of financial reporting in accordance with GAAP.

Effect: The Organization is aware of the situation and is involved in the review and final approval of the completed financial statements prior to distribution to the end users.

Repeat Finding: Yes. Prior audit finding 2019-001.

Recommendation: The Organization should review its current training system to determine if it is cost effective for the entity to obtain this knowledge internally. As a compensating control, the Organization should establish an internal control policy to document the annual review of the financial statements.

View of Responsible Officials: Management is aware of the deficiency and believes its oversight of the final financial statements to be effective in mitigating possible risks.
